Adopt a Horse!

The quality of our therapy relies on well-trained healthy horses. Between feed, blacksmith services, and veterinary care, caring for just one horse costs an average of nearly \$500 per month! Some of our horses are older; their patience makes them perfect for our riders. But, like all of us as we age, they require a bit more care to maintain their health. Would you consider sponsoring a therapy horse for one month, several months or a full year? Your help would ensure that our horses receive the best of care and that our riders fully experience the many benefits of quality equestrian therapy. You can be assured your gift will touch many lives and be deeply appreciated!
